## PROJECTS UNDERTAKEN

**E-Commerce Clothing Website | *Personal Project* | March 2024**

- Developed a fully responsive e-commerce web application using **HTML, CSS, and JavaScript**, tailored for clothing products across men's, women's, and kids' categories.
- Implemented key e-commerce features including **product categorization, search functionality, advanced filters, and an intuitive cart and checkout process.**
- Integrated Firebase Authentication** to enable secure user registration and login.
- Utilized **Firebase Realtime Database** for managing **product listings, user profiles, and order information, ensuring seamless data storage and retrieval.**

**Classic Events – Event Booking Platform | *Personal Project* | January 2025**

- Designed and developed a web-based event booking platform using **HTML, CSS, JavaScript, PHP, and MySQL (via XAMPP)** to facilitate reservations for events such as weddings, corporate functions, and social gatherings.
- Implemented user features including **detailed event listings, online booking, and secure login with access to booking history.**
- Built an **admin dashboard** for event management, **viewing user bookings, and handling user feedback efficiently.**
- Leveraged **MySQL** for **structured data storage of event information, user accounts, and booking records, enabling real-time updates and smooth admin operations.**

## CO-CURRICULAR AND EXTRA-CURRICULAR ACTIVITIES

- Top 5 Winner -:** Synapse Competition held in TIMSCDR.  
project:- E-Bike on Rent.
- Won 1st Prize in Carrom and 2nd Prize in Cricket** during the Annual Sports Day at college. Showcased strong team spirit, active participation, and competitive skills in both individual and team events.
